Venice School Tax Vote In August

40-Cent Rate Increase Authorization Sought For Educational Fund

A special school tax rate election was scheduled for Saturday, Aug. 8, by the Venice school board at its meeting Monday night.

Venice school district voters will be asked to approve a tax rate increase of 40 cents per \$100 assessed valuation, setting the maximum educational fund tax rate at \$1.65, as compared to the current rate limit of \$1.25.

Board members strongly indicated that they do not intend to utilize the full 40-cent increase at the present time.

However, in seeking voters' approval for the maximum increase, board members said they hope to avoid the expense of an additional school tax referendum, which they believe otherwise would prove necessary within a two- or three-year period.

Board President Michael E. Leatherman, in presenting the resolution calling for the special election, supported the board's action by reiterating reasons for the multiple financial difficulties currently facing the district.

Salaries, Books, Assessment

He said the tax rate increase is being sought for intensive study, and it is considered essential due to the recently granted increase in teachers' pay, at a cost to the district of approximately \$40,000 over the next two-year period.

Leatherman also cited the rising cost of books, equipment and services as a factor in increased expenditures, plus a current \$70,000 deficit in the district's education fund.

A substantial reduction in railroad tax assessments also has contributed to the present

To Outlaw Hoaxing In Rail Tax Hearings

Government officials of 100 Madison county taxing units which have tax monies involved in the railroad tax objection cases are scheduled to meet in Edwardsville at 10 a.m. Saturday to hear an outline of the objections.

The meeting was called by County Treasurer George Musil in letters sent to the taxing districts involved. The meeting is to be held in the supervising meeting room at the courthouse.

SW Bell to Expand Quad-City Facilities

New Exchange Planned

Plans for construction of a \$1,185,000 building to house additional equipment and circuits for expansion of telephone facilities in the area immediately northeast of Granite City were announced today by Southwestern Bell Telephone Co.

The building will be constructed at Pontoon road and Route 111 and will be a one-story, covering 9184 square feet. Construction is scheduled to begin in September.

William L. King, district manager, said plans for the building result from a rapid growth of the area. King said that the building will be located in the area of the new telephone exchange, but a name for the exchange is still indefinite.

"I would like to point out," King said, "that any change at this time is still more than a year away and no one should be concerned with the prospect of a name change or number change."

Present plans call for a completion date of October 1965, for the proposed new telephone building.

Early this year it was pointed out in Granite City that telephone service demands continued to grow consistently.

Increases in Calls, Phones
In January, Paul Stout, manager of the Southwestern Bell telephone office in Granite City, reported that the daily average number of telephone calls during 1963 was 17,486, compared to a daily average of 13,563 in 1962. He said that that time that 1964 telephone service was added in the Quad-Cities during 1963, bringing to 25,602 the total number of phones in use at the beginning of 1964.

Announcement of plans for the building program was made Tuesday night at a meeting of the city council.

In Three-Block Radius Five House Burglaries Occur Last Night on Two Streets

A rash of five house burglaries which occurred last night were reported to Granite City police, but a loss was reported only in one case in which the burglar was spotted.

Mrs. Paron Anderson, 2633 Grand avenue, reported at 11:13 p.m. that her black patent leather purse containing about \$20 was taken from her dining room table.

She told police she was in a bedroom when she heard someone in the house. Upon hearing the door, she saw a man leaving by a window. Entry was gained by opening a window on the side of the house and climbing through.

Panels Grabbed Off Chair
At the home of John Woods, 2500 Washington avenue, a thief pried through a rear bedroom window, where a storm glass was hanging, and removed a pair of trousers from a chair under the window. The pockets were emptied and the thief left the trousers on the ground.

Similar methods were used to enter two homes in the same block, those of Wayne Carrington, 2577 Washington avenue, and Alvin Starnes, 2538 Washington. Two small holes were punched in the bottom of screens of rear windows, which then were unhooked and removed.

At the Carrington home, a small strongbox was removed

from a top dresser drawer. It was pried open in the back yard, but it contained no cash. The box, containing papers, was left in the yard. Dresser drawers were checked at the Starnes home, but nothing was missing.

The two burglaries were discovered this morning.

An attempted burglary occurred at 10:38 p.m. at the home of William J. Richardson, 2922 Miller street, where someone tried to tear a screen out of a rear bedroom window. There was no entry.

\$1,923,714 GC Budget Placed on 1st Reading

Council Adds Nearly \$150,000 for St. Dept. Equipment, Projects

Granite City's budget hit \$1,923,714 Monday night before being placed on first reading, but cuts in it are expected before the final adoption scheduled for July 20.

The budget as it now stands is \$2,072,720 over the actual expenditures during the 1963-64 fiscal year, which ended April 30, and \$137,897 over last year's budget.

Total of the additions made Monday night were in the street department section.

Council members indicated a number of items for street, sidewalk and drainage projects, requested by individual aldermen, probably would either have to be removed from the budget or left unadopted during the year because of reductions in the city tax rate and associated valuation for this year's tax collection.

The city's income from taxes is expected to drop by \$180,000 to a total of \$1,108,000.

No effort was made to handle the

Scholarship Program In Madison Proposed

Efforts to establish a scholarship program were proposed by President Lawrence Parks during a weekly luncheon meeting of the Madison Rotary club Wednesday.

A membership campaign and fundraising activities had been discussed.

Frank Egan and Rev. Harry Coughlin were designated to represent the club in district golf competition, winner of which will advance to a Rotary International golf tournament at the St. Andrew course in Scotland this fall.

Birthdays of Dr. Steve Geroff, George Frantz, Harvey Miller, William Mehl and Edwin Mehl were observed.

It was announced that an official meeting by the district Rotary governor may take place Aug. 12.

Madison Hikes City Budget By \$19,970

\$25 Salary Increases Included in \$426,532 1964-65 Appropriation

The Madison City council Tuesday night adopted a budget totaling \$426,532, an increase of \$19,970 over last year, for the fiscal year which began May 1.

Provisions for a \$25 across-the-board pay increase for all full-time employees and some city officers generally accounted for the budget hike.

Other changes in budget items compared to last year were minor.

The new budget reflects a saving of \$4900 with elimination of the office of police magistrate.

The magistrate now is a part of the new judicial system and his salary and expenses are paid by the state.

Walk Repairs, Police Car
The biggest increases other than salaries were \$3500 for sidewalk repairs, \$1600 for the purchase of one more police car than last year and \$1140 as a salary for a new acting building inspector, the same amount paid to the building inspector.

A new provision is for a chief clerk in the police department at a salary of \$6600 a year.

The budget for general corporate purposes totals \$335,375, up \$16,625; public benefits fund, \$3400, same; garbage fund, \$184,000, up \$2700; library fund, \$14,285, up \$875; bonds and interest fund, \$17,470, down \$500; police fund, \$18,000, up \$2000; civil defense, \$1800, same; and playgrounds and recreation, \$19,315, down \$120.

Budget Comparison

A departmental comparison from last year in the general corporate fund shows executive department, \$3215, same; legislative department, \$10,200, same; finance and accounting department, \$12,925, up \$525; legal department, \$1965, up \$30; street department, \$6780, up \$4400; sewer department, \$8190, up \$300; police department, \$1280, up \$1230; fund of police and fire commissioners, \$1880, same; fire department, \$19,506, down \$1680; health department, \$2800, down \$500; dog catching and rabies control, \$2778, up \$233; street lighting, \$5,600, same; fire hydrants and water, \$4400, same; municipal buildings, \$11,800, down \$700; building inspection department, \$3025, up \$100; Illinois Municipal Retirement Fund, \$18,000, up \$1000; elections, \$1225, same; continuing fund, \$1600, same; and insurance, \$13,300, up \$450.

Polio Clinic Is Scheduled Friday

The final polio vaccine clinic will be held in two locations Friday to administer the second dosage of the oral vaccine to those who received their first dosage last May. The clinics will be held in the city hall in Granite City and in St. Joseph Hospital, Highland, Ill.

There are no needles or injections. Persons who received their first dosage last May and take the second dosage will be protected against polio up to the age of 15 without booster shots.

Operation of the clinics is sponsored by the March of Dimes in cooperation with the Tri-Cities Medical Society and physicians of Highland.

The vaccine is simple to take. Just a few drops of cherry flavored liquid dissolved in a cup of water. There are no needles or injections. Persons who received their first dosage last May and take the second dosage will be protected against polio up to the age of 15 without booster shots.

William D. Burcky, 2586 Spaulding avenue, was one of three persons newly appointed to the staff of the Quad-Cities Edwardsville campus of Southern Illinois University, beginning Aug. 15. He will be in charge of off-campus housing. Burcky, who holds a master's degree in business administration, taught history and social science at Granite City high school from 1957 to 1963 and this year was a counselor at the high school. Others named to the staff were Lynn M. Irvine, associate professor of social sciences, and Jack Coffey, business division.

22nd-Bryan Accident

A car driven by Farris Smith, 19, of 1125 Calhoun street, Madison, stopped for a boulevard sign at the intersection of 22nd and Bryan avenues, and upon entering the intersection was struck by a car driven west on Bryan by Leslie G. Dodd, 30, of 2207 Devey avenue at 2:20 p.m. Tuesday. Both cars were damaged.

to the state contest from the local Jaycees. Among the gifts to be presented the state winner is a \$1000 scholarship from the soft drink firm. She also will receive a week's vacation in Atlantic City and make personal appearances on network television.

Candidates will attend a judges' tea at one o'clock Saturday afternoon at the Rose Bowl restaurant, when girls will meet the contest judges for the first time for informal talks. The final touches to the midsummer extravaganza are 1 to be made at the dress rehearsal set for tomorrow night.

Maeras Asks State To Hurry Approval Of Street Program

Resolutions containing plans and specifications for Madison's \$100,000 general street improvement program are in the hands of the state highway division for approval. Mayor Stephen Maeras informed the city council Tuesday night.

State engineers are being asked to expedite their review of the motor fuel tax financed project so that work may begin as soon as possible. The project includes most of the city's streets, especially those affected by the city's new storm sewer project.

Third Ward Alderman Raymond Kozielek noted one benefit of the delay, however. He said that work on the sewer project was followed by current leaks in gas lines and, if the streets had new surfaces, power company crews would be turning them up to reach the leaks.

The council adopted a resolution designating parts of seven streets as arterial. They are Greenwood street from 12th to Elizabeth, driving avenue from Collinsville to Second, Highland avenue from Third to Rhodes, McDaniel avenue from Rhodes to Farish, Milan street from Rhodes to Farish, Farish street from Rhodes to Harris, Harris street from Rhodes to Cambridge to Harris.

The council also adopted a resolution designating parts of seven streets as arterial. They are Greenwood street from 12th to Elizabeth, driving avenue from Collinsville to Second, Highland avenue from Third to Rhodes, McDaniel avenue from Rhodes to Farish, Milan street from Rhodes to Farish, Farish street from Rhodes to Harris, Harris street from Rhodes to Cambridge to Harris.

Services Held For Mrs. Edna Esterbrook, 71

Private funeral services were held in Edwardsville this week for a former Venice resident, Mrs. Edna K. Esterbrook, 71, and burial was in Woodlawn Cemetery, Edwardsville.

Mrs. Esterbrook, sister of Mrs. Roy (Sophie) Barney and Mrs. Harry (Annela) Anderson, both of Granite City, died last Saturday in Short Hills, N. J. She was born in Venice and lived in Madison county all her life before moving to New Jersey four years ago. She had been ill several years.

Other survivors include her husband, Will L. Esterbrook; daughter, Mrs. Carl Jensen of Short Hills; a brother, Fred Kohl of St. Louis; and two sisters, Mrs. Henry (Frieda) Carter of St. Louis and Mrs. Joseph (Hilda) Frey of Wilmette, Ill.

Insurance was discussed and bills were approved at a monthly meeting Tuesday night of the Venice park district board of commissioners.

Among items of business brought up was the filing of a claim under the district's workman's compensation insurance, which the board recently decided to retain. Many tax-supported agencies are dropping the insurance, and action on the claim may be considered in dealing on future insurance renewals.

The claim is being made on behalf of Floyd W. Painter, 69, who suffered several broken ribs when a wheelhouse mover he was using on park district property overturned.

Board members also expressed concern over the current dry spell, which is threatening Lee Jayrides and shrubs.

Jayrides Take Auto
William McDonough, 3153 Aubrey avenue, complained to police at 12:10 p.m. Tuesday that during the night jayrides took his 1958 car parked in front of his home, and "drove it hard" before parking it four houses away. He also said the windows had been rolled down.

Claude McKean, 67, Former Resident, Dies

Funeral services were held Monday in Indianapolis, Ind., for Claude McKean, 67, a former Granite Cityan, who died Friday after a long illness due to cancer. Burial was in an Indianapolis cemetery.

Attending the funeral from Granite City were Mrs. W. R. Huff, a sister, Mrs. Dorothy Anderson, a niece, Mr. and Mrs. W. E. Thomas, a brother and sister-in-law of Mrs. McKean, and Mrs. Earl Varnum of Vero Beach, Fla., a sister and brother-in-law of Mr. McKean, who have been visiting here, and a brother, Thomas McKean of Houston, Tex.

Mr. McKean retired two years ago after many years employment by a film company.

Three Bicycles Stolen
Granite City police received three reports Tuesday of stolen bicycles. The reports were made by James Yates, 1625 Morris avenue, a girl's green and white, 25-inch; Evelyn Cavanaugh, 1408 Delmar avenue, boy's red, 21-inch, plus theft of a tire and seat cover from a 20-inch bike; and David Welborn, 2804 Dale avenue, a boy's green and white, 21-inch, plus theft of a tire and seat cover from a 20-inch bike.

Decision to construct the parking area was made after parking in the school playground and creating a hazardous situation. Tolliver reported that the city also consented to the school board's request for permission to remove curbing adjacent to the proposed parking area.

Board members agreed to include the city's provisions in the Dodge Dart—a lot of CARGAT AT A LOW PRICE FARRINGTON MOTORS, INC.

Parking Space For 45 Autos at Venice School

Venice City Engineer Jack Tolliver told the Venice school board Monday night of approval voted by the Venice city council on the board's request for a 10-foot stretch of city property to provide an off-street parking area. Work is to proceed to create the parking space.

Permission was granted. Tolliver reported providing that a walk-way is constructed between the proposed parking area and the street, and that all manholes are lowered to the level of the curb.

Construction of the parking facility was approved at a previous board meeting with a contract awarded to Holladay Asphalt Paving Co., Granite City, on a low bid of \$4300. The 155-foot long, 20-foot wide strip, designed to accommodate 45 vehicles, will be constructed on Seventh street from the school driveway to the rear of the athletic field.

Mike Drakulich, 78, Retired Laborer, Dies

Mike Drakulich, 78, of 1180 Seventh street, Madison, died 9 p.m. Tuesday at St. Elizabeth Hospital. He had been ill six days with a heart condition and intestinal ailments.

Born in Yugoslavia, he arrived in Madison 60 years ago. Until retiring in 1951, he worked 47 years as a laborer at American Car and Foundry Co. He was a member of the Serbian Eastern Orthodox Catholic Church, St. Louis. His wife, Katherine, died in 1950.

He is survived by a stepson, George Amich, Jr. of Granite City; five step-grandchildren and one step-great-grandchild. An obituary notice appears elsewhere in today's issue.

Chamber to Name Manager; Board Election is Planned

A new Tri-Cities Chamber of Commerce manager has been chosen and will be formally inducted upon obtaining release from his present duties with another C. C. of C. President Chester L. Baker announced following a monthly Chamber board dinner meeting Tuesday night at the Rose Bowl.

Plans call for the new executive to begin his work here Sept. 1.

A report on the completion of interviews with applicants was submitted to the board by Samuel L. Meyer, selection committee chairman. The new manager will succeed Harlan Dohy, who has become the Kokomo, Ind., chamber executive.

Possibility of forming a partnership in relations with Chamber managers and staff members.

Nominating Committee chairman, appointed Meyer as chairman of a committee to nominate prospective members of the board of directors. Members of the committee will be Wilfred F. Hoeschele, Huber, Freeman Wolfe and E. G. Schmitt.

Judges named for the board election were Douglas Little, Arthur Koepfer, Barry Loman, Frank Rea and George Reeves. The president said he is preparing to name a replacement on the C. C. board for School Superintendent Harold M. Kasper, who resigned as a director, was accepted Tuesday night. Dr. Kaiser has left here to become the Davenport, Ia., superintendent.

Simmons Wants Judges to Pick Jury Commissioner

Denying allegations of "dictatorship," Madison County Democratic Chairman Walter T. "Buck" Simmons today said the Press-Record yesterday that he plans to leave selection of a new county jury commissioner entirely up to the circuit judges.

Conceding that he recommended that Harold Hillmer of Granite City be replaced by Robert McKinney of Venice, Simmons said he was asked to make a selection by Chief Circuit Judge Harold R. Clark.

Clark, a Republican, informed Simmons that rules required that a Democrat be named to the position. Hillmer, a Laclede State Senator, is on the clerical staff of the Venice-owned bridge.

After the conference with Clark at the county courthouse, Simmons submitted his recommendation in a letter, he related. He noted that McKinney is a graduate of McKendree College, and added that he was under the impression McKinney would have ample time to serve in the \$1200-a-year jury commissioner position.

McKinney Not Being Considered. McKinney no longer is under consideration, it was reported by Simmons, who said McKinney has announced plans to leave the job and become a school teacher. The decision was unrelated to the commissioner issue.

Voicing unhappiness over being in the role of "dictator" when he feels he had no choice but to comply with the circuit judge's request, Simmons told the Press-Record, "I'm not going to make any more recommendations."

He did not elaborate as to why he did not recommend Hillmer for reappointment. The previous three-year term expired June 30, but Hillmer is to continue serving until a successor is named by the circuit judge.

Action has been delayed due to vacations, and it has not been determined how soon the judges will fill the post. A published report this week said that Kenneth Demery of Granite City is among those under consideration.

Chamber and Associated Retailers sponsorship on Friday, Sept. 11, with special booths to be set up in Venice, Madison, Granite City and the Bellefonte area. The Madison County Social Security program, Jack Friedman is coordinating the activities.

It was reported that the local Chamber of Commerce is sponsoring a new Chamber of Commerce meeting held June 18 in Alton at the Ford Oil Co. B & A Co. factory, and Fox Brothers Industrial Corp. were accepted as new Chamber members. A. J. Steinhauer reviewed plans for the final phase of a campaign to encourage multiple Chamber memberships.

William H. Thoele, Tourism Committee chairman, urged that local organizations aid in attracting conventions to this area, commencing the annual state music contest here are proving highly successful.

Thoele said signs and lights are being sought for the Route Three and Route 263 interchange of Interstate Route 270, and that the state is being asked to place additional signs on Interstate Route 270 along the highway as motorists approach from the east.

Three young dart-throwing boys who inflicted injuries upon several persons in last Friday's holiday celebration at Wilson park have been placed on indefinitely probation by Coordinated Youth Services.

They have been ordered to report their activities to the CYS office once each week. Three persons were struck by the flying darts during a dart-throwing contest at Wilson park, a St. Elizabeth Hospital. One, Marshall Galloway, 15, daughter of Mrs. Marshall Galloway, 4324 Namiok road, continues to receive treatments for the injuries above the right eye.

Police said that the boys, 13 and 15 years old, appeared to be remorseful, but neither they nor their parents had inquired into the welfare of the injured girl or the two other victims, John Petish, 46, of 3257 Carlow avenue, who was struck in the right shoulder, and William Buer, a St. Louis ballplayer, who was hit in the arm.

The boys had not previously been in trouble with authorities, police said, but they could give no reason for throwing the darts into the crowd. They took the darts from a balloon game at the park carnival.

Hubbell Metals Expands GC Plant. The Granite City plant of Hubbell Metals, Inc. has begun an enlargement program which will expand the plant area and permit a railroad siding within the buildings, served by additional tracks of 15-ton capacity. It was announced today by plant officials.

Additional processing equipment for steel, aluminum and other metals will be installed within 60 days. Company officials also announced the purchase by Hubbell Metals of Midwest Metals Co., which has plants in Kansas City and Wichita, Kan. The firm distributes steel bars, plates, structural, wire and similar items. Midwest Metals was a 15-year-old company. The services will be increased by the addition of inventories of stainless steel, aluminum, brass and copper.

Mrs. Carmen Stinnett, 61, Dies at Hospital. Mrs. Carmen Julia Stinnett, 61, of 594 Kirkpatrick Street, died at 3:45 a.m. Tuesday. She had been ill several years and in the hospital seven hours.

A resident of Granite City for 30 years, she was born in St. Louis. Her husband, Curtis, is her only survivor. Funeral arrangements are being elsewhere in today's issue.

City Tree Replacement Project to Be Studied. Replacement of the hundreds of trees cut down by the city in 1958 was proposed for study by Alderwoman Gabrielle Bettencourt.

The Street committee was asked to undertake the project and recommend the types of trees and to give cost figures. Mrs. Bettencourt pointed out that even though the city street department has been removing trees at a rapid pace, there still are many others that should be removed and replaced.

Lawrence Davis Jr., 214 Rhodes street, reported at 11:20 p.m. Monday that while he was at church, someone had broken into the rear window of his 1956 auto and ransacked it while it was parked at 12th and Meridian streets between 7 and 11 p.m. Nothing was missing.

ATTENDING SCOUTING CONFERENCE WHICH CONCLUDED THIS WEEK IN CIMARRON, N.M., Rev. Alfred Buis, his wife, Velma, and their children, Daniel, Kristine (in front of Buis) and Kathryn, pause in front of a covered wagon.

Rev. Alfred Buis Wins Scout Training Award

Rev. Alfred Buis, pastor of Hope Lutheran Church, was one of 31 clergymen from throughout the nation who recently attended the Lutheran Conference on Scouting in Cimarron, N.M.

The conference, held at the Philmont Boy Scout ranch, included a training course on scouting as part of Lutheran church youth programs. Rev. Buis attended under grant given by the Lutheran Brotherhood.

He has been active in scouting for a number of years and is president of the Southern Illinois District of the Lutheran Church of Missouri Synod and a member of the Granite City Rotary club. He was selected to attend the conference by the Chicago Mound Scout council and the National Lutheran Committee on Scouting.

The one-week conference closed Tuesday. Attending with Rev. Buis were his wife, Velma, and their three children, Daniel, Kathryn and Kristine.

2 Boys, Girl Ransacked Home On Sunbury Ave.

The home press of James D. Poole, 2514 Sunbury avenue, was thoroughly ransacked by two boys and a girl between 1 and 1:30 p.m. Monday, he reported at 1:30 p.m.

He said entry was gained through a rear French window. Curtain rods were broken, curtains were torn and a trash can tipped over and butter was thrown on the kitchen floor. Kitchen and living room chairs were turned over and a salt shaker was broken on the living room rug. The two boys were described at about 10 years old and the girl at eight. They were unknown to neighbors.

Parked Car Struck

A parked car owned by James D. Poole, 2514 Sunbury avenue, was struck from the rear by a 1958 Buick driven by Roger D. Stacey, 18, of 2158 Monroe street, at a rapid pace, with damage to the left front, were towed to a garage.

Pilot Dick Portelli of the Hearts named lefty Cecil Simpson (5-4) to work Sunday's game. Simpson missed last Sunday's 8-3 loss to Mercer due to a job conflict.

Mitchell All-Star Game

The Mitchell Kiwanis club has announced plans for an all-star game between the two divisions of the Mitchell boys' baseball league. President Gene Durrett said the game will be held at 2 p.m. Sunday, July 19, on the Mitchell school diamond. The club is co-sponsor of the baseball league, which contains eight teams in the Bantam and Atom divisions.

35 & Over Batters Have Banner Night As Jiffy, Bellemore Coast to Victory

Jiffy Car Wash and Bellemore Sporting Goods maintained their leading pace in the 35 & Over League with easy six-pitch softball decisions Monday night at Wilson Park.

Jiffy scored 11 in every inning and thumped Local 16 by a 21-2 score. Top Jiffy sluggers included Ed Rog Wawer, four hits including three doubles; Joe Bartchick, four hits with a homer and double; Larry Puett, a homer and two doubles; and Rich Fry, three singles.

Bowler had a perfect night, adding a sacrifice fly to his four hits. Local 16 got only five hits off Paul Thompson, with Howard "Lefty" Harris getting a double and single.

Bellemore, like Jiffy, scored in every inning and humiliated VFW Post 1300 to a 28-7 count. The biggest frame was the first, when 12 runs crossed the plate. Leadoff man Babe Amelung, who reached base on an error in the first of his seven at-bats, followed with six straight hits, including two doubles, and scored seven runs.

Other chief contributors to the Bellemore 31-hit total were Gus Lignault, five hits including a homer and two doubles; Andy Timko and Mildred Schwendeman, five hits each; Pat Patterson, four hits and Ed Hoff, three safeties including a homer.

For VFW, Howard Champion, Nick Perilla and Dick Reader had two hits each.

Jiffy leads the league with a 5-1 record, while Bellemore is second at 4-2.

SCORING FIRST RUN for Post 113 in the third inning is third baseman Pat Harris on a wild pitch by Collinsville's Harry Parker, who covers the plate. Harris bunted for a hit and went to third when Parker threw away a Jerry Kofahl's sacrifice bunt. Collinsville won the game 5-3.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

Does a full moon affect night fishing? Most fishermen think so.

But fishing with jugs in Alhambra Lake during the recent full moon produced only three small blueheads where normally a good channel cat catch is had. Many other fishermen relate similar experiences. Frequently, night-time trotline fishermen report finding all fish dead on the line the next morning. This was reported twice last week on Silver Lake.

However, both times had been set in water over 15 feet deep. Fish biologists say in many cases water in the deep part of lakes at this time of year is "dead," that is, lacking in oxygen content.

Fish cannot stay in these deep areas for any length of time. This disproves the theory that fishing is best on the bottom of the deep holes during hot weather.

Many believe that fish do lie on the bottom, but in the hot depths where the oxygen is sufficient. Sometimes there are fish kills by what is termed a "lake turning over." The dead water comes to the top and for a time the entire lake has an extremely low oxygen content, causing the fish to suffocate.

Although National Boat Safety Week has just ended, we might mention the careful handling of gasoline in boats. While on river patrol along Alton last week, we were summoned to Passa Harbor where a boat was burning and eventually was destroyed. Gas had accumulated below the false deck and was set off with a dropped broken light bulb. Three years of hard work building the cruiser was destroyed in about 15 minutes.

Bad news again this week on pollution. A private lake near Highland was in the area of the heavy 6-inch rain of several weeks ago and the heavy runoff in ditches in the watershed carried a large number of tin cans and trash into the lake. One or more of the cans apparently carried paint as large red blotches of it soon appeared floating on the surface.

Although dead fish have not appeared as yet, a nice sheep was lost after being turned in to the lake to drink. Although a ditch or gully is dry when trash is carelessly dumped, a heavy rain such as this can carry it into an area where it can pollute.

With many animals and birds having young at this time of the year, a reminder is that most animals and birds do not make good pets and are best left in the woods. Secondly, a \$10 license is needed to keep animals such as foxes, coons, skunks and game birds like quail and pheasants. All migratory birds such as ducks require a federal permit.

It is best to instruct your children to stay away from animals regardless of how friendly they seem. Most "friendly" ones are actually sick ones.

Collinsville Wins Battle of Bunts, GC Slips to Second in Legion Race

Bunting, a baseball art which many figure batters back with the nickel beer and Stutz-Bearcat, had an encouraging revival in an American Legion game at Collinsville's Fletcher Field.

Both clubs in the Tuesday night contest showed the bunt to be an effective offensive weapon as Collinsville's Post 363 took an important 3-1 decision over Granite City's Post 113.

The defeat put the local teenagers one-half game behind Collinsville in the 22nd District's Northern Zone. Unfortunately, the difference is on the loss side which means Post 363 can win the title with victories in its remaining four games with Lebanon, Mayville, Glen Carbon and O'Fallon.

Manager Roy Achenbach's Granite Cityans play Mayville at 6 p.m. today at Wilson Park diamond No. 1, and then visit Glen Carbon at 2 p.m. Saturday. Still to be scheduled is their third remaining game, with O'Fallon.

Two Bunts, Two Runs
Collinsville started the scoring with two in the first inning on error, a walk and run-scoring hits by Gary Gibson and Bill Eckart off lefty Terry Kofahl. But then bunts helped Granite City tie the score.

Pat Harris opened the third by legging out a bunt down the first base line. Kofahl also bunted, and he went to second and Harris to third when Collinsville moundman Harry Parker tossed the ball away for a two-base error. Harris scored on a wild pitch and after Rich Lee walked. Kofahl scored from third base while Lee kept the hot Mel Mackins busy in a rundown between first and second base.

The McMackins regained the lead in the home half when Gary Stuenkel took second on a misplay and error, went to third on a wild pitch and home when Eckart's single got through first sacker Larry Johnson.

Bryant Bunts Safely
Granite City went back to the bunting tactics in the fourth when Gene Bryant legged out a one-out tap. He swiped second base but was pegged out at the plate attempting to score on Johnson's solid single to right field.

Post 113's next attempt to tie the score at 3-3 was successful in the fifth inning. Rich Lee singled to rightfield with two out and came home on Bob Ketter's popfly double to left-center.

Ketter was thrown out trying for a triple to end the inning. Then Collinsville used bunting in a different manner to take a seven-run lead in the last of the fifth. Shemoney started things by walking and Eckart singled. Shemoney went to third on a passed ball and scored the leading run on Dave Russell's sacrifice fly. Paul Smith followed with a perfect suicide squeezer bunt and Eckart scored the game's final run without a play.

Parker Fists, Bounces
Although Granite City dominated in hits, 7-6, only two of the bloopers—Johnson's single and Joe Hauptman's sixteenth-inning double to leftfield—were solid. Righty Parker struck out 12 and walked three in the seven innings.

Kofahl, who went the distance for Granite City, gave up six hits, struck out eight and walked four. Two of the five runs off him were unearned. At the bat, Kofahl stroked the game's longest drive—a 325 feet to leftfield in the fifth inning—but the pike was hauled in near the fence by Chad Yates.

In addition to the run-scoring squeeze bunt, Collinsville players had down two successful sacrifice bunts but the strategy failed to pay off in any scoring.

Score by Innings:
Granite City 002 010 0-3 7-4
Collinsville 201 020 x-5 6-1
Kofahl and Hauptman, Parker and Eckart.

Tavern League Resumes
Tavern League slow-pitch softball, after a weekend off due to the Fourth of July, resumes with three games Sunday. Lakeside Inn meets Bowland at Wilson Park, Tony & Joe's takes the Polish Hall at the Third Street, and Liberty Home opposes Buzz's Tavern at the 12th street diamond. League-leading Sportsman's Club does not play.

Workout July 18 For Youngsters On Track Squad

A workout for the Granite City track and field team will be held at the Illinois Junior Sports Jambooree is scheduled for 1 p.m. Saturday, July 18, at the Granite City high school track. It was announced today by Boyd Presley, local chairman of the Junior Chamber of Commerce event.

The 35 youngsters, aged 10-13, qualified at a meet here May 23 for the Aug. 1 sectional meet at Hillsboro, one of 13 events which will qualify 700 boys and girls for the Aug. 28-29 state meet at Sterling.

Participating in the sectional will be the first place winners from meets held in 20 communities throughout Illinois. Transportation to Hillsboro will be provided by the Granite City Jaycees.

Hosts for the Sterling meet will be the Illinois Youth Commission, the Sterling park district and the Sterling Park Falls Jaycees. Qualifiers' expenses are paid by the Jaycees.

Frank "Moe" Dix, ex-University of Wisconsin track star who is state Jambooree chairman, said increasing support of school boards topped this year's participation to about 60,000 youngsters.

Many school districts have adopted the program as an incentive for physical education classes and as a goal for fitness training.

Ward Resigns Coaching Job At Coolidge

Bob Ward, who coached Coolidge junior high school football, has resigned to become assistant coach at Stranahan high school in Fort Lauderdale, Fla.

Ward told the Press-Record he was offered the position about four weeks ago.

The native Granite Cityan was an assistant coach at South Broward high school in Hollywood, Fla., which is under the Broward county school system with Stranahan, in 1959-60-61 before returning here.

He said he was coach driver's education in addition to his coaching duties. "I lived there for about eight or 10 years and liked it real well," he said. He is to report for work Aug. 15 at the 2800-student school.

Former GCHS Athlete
At Granite City high school, where he was graduated in 1946, Ward was an all-Southwestern Conference halfback in football, played basketball and was also captain in track. He was also head track coach at Coolidge.

Dick Yates, public schools' athletic director, said no replacement has named for Ward. Yates directed the Braves gridlers to 7-0 records and the Madison County Junior High School Conference title in both 1962 and 1963.

Although he was a standout in football and track, Ward recalled his basketball days at GCHS were spectacularly unproductive.

Holds 'World's Record'
In the 1945-46 season, for example, he was the subject of a national press association story when he set a "world's record" by fouling out in 80 seconds against East St. Louis.

"I was green," Ward recalls, "and when Coach (Glen) Rice told us he didn't want to see a loose ball without somebody going after it, I took him at his word."

"You should have seen Pick Dehner (the East St. Louis coach)," laughed Ward. "Coach Rice said he's never seen him higher." The excitable Dehner, Ward said, quickly pulled out his best players to shield them from injury.

A 1951 graduate of McKendree College, Ward is married to the former Peggy Hovey of Granite City. They have two children, Peggy Jo, 3 1/2, and six-week-old Robin Lynn.

Spengler-Dawes In Classic Lead

Spengler-Dawes downed the Oilers 5-3 Tuesday night in Classic League fast-pitch softball at Wilson Park and took over first place by a half-point.

The move was made possible in the first game as Granite City Steel Credit Union leading Kirchner-Madison 8-5.1. Both teams have 4-2 marks while Spengler-Dawes stands 4-1.

The Credit Union's win was sparked by three fifth-inning runs on singles by Rick King, and George Grove, Jerry Winter's triple and an infield out, KMB managed only four hits.

Off winner Jack James. For Spengler-Dawes, which had 12 hits, Dan Reilly had a triple and double. Last night's Classic card was postponed by wet grounds.

Kiwanis, Optimists Meet Together Monday

The Granite City Kiwanis and Twilight Optimists held a joint meeting Monday night at the Rose Bowl with Joseph Acquaviva, Kiwanis vice-president, presiding.

Acquaviva announced that William Harry Marshall, Kiwanis president and Frohardt school principal, has returned home after surgery. He also said a delegation of about 15 members would be attending the divisional conference of Kiwanis, to be held July 22 in Edwardsville, at which a lieutenant governor will be elected. Thirty persons attended the joint meeting.

Man Arrested in Mishap

Roy W. Sage, 61, of 2649 Washington avenue, was charged with failure to yield the right-of-way after he made a right turn off East 20th street at the signal light at Edwardsville road and was struck in the left rear by an auto driven by Ellen R. McKinney, 52, of East St. Louis, at 7:15 a.m. Tuesday. Both cars were damaged.

Photo of Mayors, JFK Presented to Madison

An enlarged and tinted photograph showing Mayor Stephan Maerz and other area political leaders with late President Kennedy was presented to the mayor and Madison city council at a meeting Tuesday night.

The framed picture, presented by Police Chief Emmett Pazio, Comptroller E. J. Miller and Dennis Nicholas, city treasurer and professional photographer who took the photograph, is hanging on a wall in the city council chamber.

Taken on Oct. 17, 1960, at a reception in a St. Louis hotel, it also shows Mayors Leonard Davis of Granite City, Dr. John Lee of Venice and Alvin Fields of East St. Louis, U.S. Rep. Melvin Price of East St. Louis and Gov. Otto Kerner.

After the surprise presentation, the council adopted a motion accepting the picture and expressing appreciation to the contributors.

JUBILARIANS in the order of the Sisters of Divine Providence now assigned in Granite City who will celebrate their golden and silver jubilees at 9 a.m. Saturday in the chapel of their motherhouse in Normandy, Mo. They are Sister M. Consilia (left), assigned to St. Elizabeth's school, who will observe her 50th anniversary of the religious profession, and Sister M. Frances, St. Elizabeth Hospital accountant, who will observe her 25th year.

Two Sisters to Observe Anniversaries Saturday

The Sisters of Divine Providence of Normandy, Mo., will celebrate the golden and silver jubilees of two Granite City sisters at 9 a.m. Saturday in their chapel at Mount Providence, Normandy, Mo.

They are Sister M. Consilia Verholt, on a staff of St. Elizabeth's school, and Sister M. Frances Miska, accountant at St. Elizabeth Hospital for the past 21 years.

The celebrant of the Jubilee Mass of Thanks giving will be Rev. Ermin Miska, O.F.M., brother of Sister Frances; the deacon will be Rev. Charles Deister, nephew of Sister Consilia; and the subdeacon will be Rev. Engelbert Blenck, O.F.M., pastor of St. Mary's Church, Madison. Rt. Rev. Msgr. Anthony Eswein, cousin of St. Frances, will preach the sermon.

Sister Consilia, celebrating her 50th anniversary, had been a parishioner of St. Francis de Sales parish, St. Louis, before entering the Community of the Sisters of Divine Providence in Pittsburgh, Pa.

At the establishment of the St. Louis province in 1930, she became one of its members. She has spent her entire 30 years teaching in various schools of the community and is still active at St. Elizabeth's here.

Sister M. Frances, before entering the community at Normandy, had been a member of St. Anthony of Padua parish in St. Louis. She spent several years teaching in the elementary grades, and after receiving a degree in accounting at Our Lady of the Lake College, San Antonio, Texas, she was assigned to the hospital here. She is president of the Southern Illinois Association of Hospital Accountants.

City's Obscene Literature Commission is Enlarged

Appointments of Rev. W. J. Richardson to the city's Obscene Literature Commission to replace Rev. B. L. Bryan, who has moved out of the city, and five additional workers were announced Monday night by Mayor Davis and approved by the council.

Rev. Richardson is the Madison County Baptist Association's missionary and resides at 2822 Grand avenue.

The five others named were: Robert Karandeff, 2541 Cleveland blvd.; Dr. Raymond Troyer, 3312 Franklin avenue, a member of the SWIU faculty; Brian Bromman, 2543 Pontoon road, of the YMCA staff; Mrs. Roy Baumbarger, 2418 Woodlawn avenue, and Charles Barth, 1601 Clark avenue.

The commission is headed by Alderwoman Gabrielle Betine, who has called a meeting for 10 a.m. Saturday at the quilling room at St. Elizabeth's Catholic Church. Also a member is Rev. L. J. Marting, pastor at St. Elizabeth's.

The major plans to add two other members to be named at a later date.

The purpose of the commission is to halt the sale of questionable materials in the city.

GC Committee Preparing Bid Resolution

A resolution to specify competitive bidding for all materials used by the street department will be ready for presentation to the Granite City council at its next regular meeting, July 20, it was announced at Monday's night's session by C. H. Sternberg, street committee chairman.

Sternberg said the city has been buying amounts of materials without bids and that his committee will be ready "to do battle" if there is opposition to the resolution. Several aldermen commented they thought the materials had been purchased under bid prices.

Authorized to call for contractor bids for a program of curb and sidewalk replacement and new sidewalk construction.

Woodlawn Ave. Bid
Under the street committee's report, the council accepted the low bid of \$85,773 from H. Seebold Co. for improvement of Woodlawn avenue with motor fuel tax funds. The contract award also requires approval of the state highway department. Woodlawn avenue is to be improved with an asphalt surface, concrete curbs and gutters and related drainage between Walsh avenue and Maryville road. Referred to the Special Sewer

and Street committees was a notice from the state Sanitary Water Board that permission had been granted for an extension of an eight-inch sanitary sewer line in Pontoon Plaza subdivision and Addition One west of 56th street, provided no surface water is dumped into the line.

The SWB pointed out the extent of the city's plan for a sewage treatment plant. It had placed a sanitary sewer line extension several years ago because the city had no program for river pollution abatement.

Sewer Connection
Referred to the Street committee was a denial by the state highway department for the four-lane West Pontoon road pavement to be cut to provide a sewer connection for the new Woodlawn Ave. bid.

Sternberg pointed out the method of tunneling under a wide pavement is expensive and that the payment has been cut in the past for other connections. "It could be done so as not to disrupt traffic," he pointed out. The nursing home is on the south side of the road, while the sewer line is on the north side. Placed on first reading was an agreement between the city and the state highway department

for maintenance, detour routes, auxiliary barricades and street and alley barricades for the construction of new Riverfront Road, Federal Aid Route 131, when it enters the city in West Granite. The agreement also calls for the city to pay the expenses of installing traffic signal lights.

The council was advised that plans for motor fuel tax improvements to Michigan avenue and Troy avenue in Heintzville and for Walsh avenue between Johnson and Pontoon roads had been received.

Sternberg questioned the authorization of the designs by the David Johnson engineering firm, since the contract with the city's new MFT engineer, Research, Planning & Design Associates, has not yet been certified by the state. There was no answer.

Lelik Completes Course
Past James J. Lelik, son of Mr. and Mrs. James J. Lelik, 284 Gary avenue, recently completed a five-week disbursing specialist course at the army finance school at Fort Benjamin Harrison, Ind. A 1959 graduate of Granite City high school, Lelik attended SWIU.

GC Township Expenditures Of \$5067 Are Approved

Township disbursements totaling \$5067 were approved Monday night by Granite City council members, and of the total, \$3062 was for relief and \$2005 for town purposes.

Relief costs included \$2461 for food, \$127 for medical care, \$124 for rent, \$3 for utilities and administrative costs of \$195 for half-month salaries, \$100 for office rent, \$18 for utilities and \$35 for a new city directory.

The town fund \$2005 disbursements included \$682 half-month salaries, \$75 for assessor office rent, \$16 for janitor service, \$41 for utilities, \$35 for a city directory, \$210 for an air conditioner, \$24 for office supplies, \$5 for the membership fee for the Township Officials of Illinois and \$915 for deputy assessors paid for the following:

Richard Reber, \$180; Julia Lancaster, \$174; Mary Halliburton, \$153; Mary Boring, \$108; Carol Stueke, \$78; Neva Werth, \$78; and Catherine Heman for the period June 1-12, 1964. A monthly financial report submitted to the council by Supervisor Nelson Hagnauer showed the general assistance fund had a June 1 balance of \$19,000, while disbursements totaled \$3718, leaving a June 30 balance of \$15,282. For the town

fund, the June 1 balance was \$8196 and June disbursements were \$3952, leaving a June 30 balance of \$4244.

Chouteau Tax Bill Total Boosted \$59,343

Taxpayers of the 16th taxing units in Chouteau township will be billed for \$59,343 more in 1963 taxes than they were charged for payment a year ago, it was revealed today in newly-completed tax books sent by the Madison county clerk's office to Milwaukee for preparation of 1963 tax bills.

The Chouteau township books were delivered to Town Collector Charles E. Lewke Jr. of Mitchell, whose office said bills are expected to be completed in about a week.

The new books show that all taxpayers in the township will be billed for a total of \$735,053, while railroads will be billed for \$56,324, a total tax extension of \$791,928.

Last year, local taxpayers of the township were charged with payment of \$676,200 while the railroads were billed for \$86,531. This means that while the bill for local taxpayers goes up \$59,343, the railroads will have a reduction of \$30,227 in their 1963 tax bill, payable this year. This represents a 35% cut for the railroads, a figure that is in line with other railroad reductions in both assessment figures and tax extensions. Illinois Department of Revenue assessments for Madison county railroads, certified this year to the county clerk's office, show a 35% lower tax rate for the 1962 tax year.

Other Townships Next Week
The office of Miss Fulaia Ho, Madison county clerk, said today it is now extending taxes for Nameoki and Venice townships and that work on these books may be completed next week. Extensions also are being made for Collinsville township. Extension of taxes for Collinsville, Granite City, Nameoki, Chouteau and Venice townships were held up for three months by delay of St. Clair county assessing officials in completing their work that a tax rate for the East State Levee and Sanitary district could be extended.

Granite City township books were completed by the county clerk's office a week ago and the office of E. R. Rich, Granite City treasurer, now is preparing tax bills which are expected to be ready for distribution within the next two weeks. Granite City township taxpayers will have until Sept. 23 to pay their tax bills. Of the 16 taxing districts in Chouteau township, six of them showed reductions in their tax extensions, but in most instances the decrease was slight. The remaining 10 showed substantial increases in most instances.

Largest Jump
Largest jump in the billing for local taxpayers was in that section of the Granite City school district that lies in Chouteau township. The tax extension for the district for the 1963 year amounts to \$207,279 in local taxes and \$25,335 in railroad taxes, a total of \$232,614.

This represents an increase of \$22,283 in local taxes over the billing of last year, but a reduction of \$13,725 in the railroad extension. Last year the local extension was \$180,954 and the railroad billing \$39,200. In Community Unit School District 1 of Roxana, local taxpayers will be billed this year for \$147,351 compared to \$135,231 a year ago, while the railroad bill dropped from \$3751 last year to \$2400 this year. Taxpayers of high school district 14 of Wood River will be billed for \$47,300 this year compared to \$41,660 a year ago. The new railroad bill was \$3397. Last year it was \$3180.

The share of Chouteau township taxes for Madison county was one of the items reduced this year. Taxpayers will be billed for \$55,664 in county taxes, compared to \$40,202 last year. The railroad share will be cut from \$5962 last year to \$1227 this year. The bill for Chouteau township purposes also increased, but only slightly. It amounts to \$39,103 in local taxes and \$3184 in rail taxes. Last year it was

\$35,840 in local taxes and \$3315 in railroad taxes.

Road and Bridge Taxes
Road and bridge taxes also increased only slightly: \$41,088 local taxes and \$3663 rail taxes this year compared to \$36,799 local and \$3428 rail taxes last year. Local taxes for the city of Hartford jumped from last year's \$13,218 to \$19,512 this year while the railroad bill dropped from \$4149 last year to \$1001 this year. The Roxana City billing changed but little. The new billing is \$12,057 this year with \$100 in rail taxes bringing the total to \$12,208. Last year local taxes were \$12,722 with rail taxes of \$290. This was one of the few taxing districts in which the overall billing will be cut.

Other taxing district figures, compared to last year's tax items are: South Roxana Sanitary district, \$6741, total this year, \$6612 last year (no rail tax extended); Civic Memorial Airport, \$1305 and \$57 this year, \$1175 and \$111 last year; East Side Levee and Sanitary district, \$8349 and \$1764 this year, \$7489 and \$2081 last year; Roxana Park district, \$4239 and \$54 this year, \$4428 and \$101 last year; Community Unit School district 7 of Edwardsville, \$6904 and \$6427 this year, \$6247 and \$8441 last year.

School district 13 of Wood River, \$46,489 and \$3324 this year, \$43,159 and \$5015 last year; Mitchell Fire district, \$11,988 and \$1882 this year and \$10,938 and \$2916 last year; South Roxana Fire district, \$8673 and \$341 this year, \$5949 and \$51 this year; Dog tax, \$189 this year, none last year.

The local tax extension for this year includes \$95,022 worth of delinquent taxes.

College Master Plan Ready For Legislature

A master plan for state colleges and universities was put into final form Tuesday at Chicago during a meeting of the Illinois Board of Higher Education. It is to be submitted to the state legislature in the session beginning next January.

The plan still places major emphasis on development of commuter schools, such as Southern Illinois University, as being less costly to the state and the student and as being more effective in stimulating quality high school graduates to continue their education. However, the proposed timetable shows expansion of the Quad-Cities-Eastwardsville University far down the priority list.

A key change was made Tuesday on the recommendation of Southern Illinois University Board Chairman John Page Wham. The IHBE still is

periodically review existing programs of instruction, research and public service at Illinois universities and colleges. But it then would "recommend" rather than "order" discontinuance of programs deemed unnecessary or uneconomical.

Membership of the IHBE was boosted from 15 to 19, including two members of a proposed junior college board. The new board would govern junior colleges established under joint state and local financing.

LEAVING FOR COLORADO

additions to the street department budget. The council went to the adopt an ordinance granting the superintendent of streets a \$50 monthly expense allowance that had been authorized last week. It was pointed out that his salary had not been changed in the past five years, while other city employees had received several increases.

\$466,832 for Street Dept.
The new total amount for the street department operation was set at \$466,832, or \$119,448 above last year's actual expenditures. In addition to the \$500 pay increase, the council added \$20,000 for purchase of a new grader to replace the two present graders, both of which are out of service, and \$3000 to buy street flushing equipment.

Bids for a new grader are to be opened July 20.

Also added to the street budget were amounts of \$9100 to pay for street sweeping, \$51,000 to remove tracks from 23rd street and to add a drainage line to serve 23rd street. The Clark and blvd. and \$11,945 for a storm sewer for Clark avenue.

Sidewalk projects added were for along Garfield avenue between Franklin avenue and Johnson road, \$350; along West 25th street between Missouri avenue and Logan street and along Missouri avenue between West 24th and West 25th street, \$2800; on the east side of the 2300 block of Madison avenue \$832, and on the north side of 25th street between Benton and Cleveland, \$330.

Turned down was a \$1950 sidewalk project in the 3000 block of Madison avenue and a request for \$5000 to be budgeted to repair sidewalks in the downtown business district. Proposed sidewalks in the 3000 block of Iowa street, along St. Clair avenue at the intersection of the vicinity of Marshall school were not listed.

No Action on Dump
No action was taken on requests for trolley track removal from Neidringhaus avenue, Washington avenue or Madison avenue for an amount to provide for state-ordered changes in the city dump. Open dumps are to be banned by the state Aug. 26.

Council members differed in opinions on the new scope of the budget. Finance committee chairman Paul Rutledge termed it "ridiculous." He said each added item would face further testing when submitted for actual purchase or construction, and that the city with less income would not be able to afford all of the budgeted equipment and projects.

His companion alderman, Donald Puryear, pointed out that projects could not be carried out unless budgeted, and that at least some of them could be financed during the year.

Voting for first reading of the budget, were Naim, Parney, Bergfield, Boyd, Dallas, Neidringhaus, Rutledge, Basarich Johnson, and Thompson. Opposed were Skulski, Whitmer, Mrs. Steiner, Bartosiak and Sternberg.

Brain Tumor Fatal To William Dettwiler, 58

William Frank Dettwiler, 58, a 34-year resident of Granite City before moving to Troy, died 8:30 a.m. Wednesday at Barnes Hospital, St. Louis, of a brain tumor. He entered the hospital one week ago.

Born in Granite City, he lived here until moving to Troy four years ago. For 42 years he worked as a crane operator at Granite City Steel Co. He was a member of St. Paul's Lutheran Church, Troy.

He is survived by his wife, Fern; two sons, William E. Dettwiler of Granite City and Neil E. Dettwiler of Troy; a daughter, Mrs. William (Virginia) Laird of Troy; two sisters, Mrs. Adolph (Bertha) Lore and Mrs. Joseph (Leona) Scheve, both of Granite City; and eight grandchildren.

An obituary notice appears elsewhere in today's issue.

Student councils, organized at the Alton and East St. Louis centers of Southwestern Illinois University, are the official organizations designated to represent students in student welfare, student activities, student participation in university affairs, and student participation in university planning and administration. Additional Anchorage Units Still Delayed

The legislative logjam linked with the civil rights debate continues to delay doubling of the 100-apartment Anchorage project for the elderly, despite passage and signing of the civil rights law early this month.

The issue has caused appropriations and other matters to be considered at a later date than normal. Another complicating factor is the national nominating conventions, which have made Congressional recesses necessary.

With nothing new to discuss on the 100 extra units until additional federal allocations are made, the Granite City Housing Authority board held a brief monthly meeting Tuesday night, with Chairman Walter Pfaff presiding. There is hope that the project will be given a "green light" later this year.

Auto Leaves Roadway

Olis Neal Finley, 26, of 721 North 26th street, drove off the roadway and struck parts of linked cars on property owned by Robert Allen Jr. when he tried to pass another car at 3009 Circle drive at 8:10 p.m. Tuesday. He was charged with careless driving and was released on \$25 cash bail pending a hearing set for July 24. The left fender and door of his auto were damaged.

Tax Billing Problem — Typewriter Shortage

A force of 12 typists, limited because of a shortage of typewriters, started preparing tax bills Tuesday in the city hall for Granite City residents, and E. R. "Pat" Roth, treasurer-collector, hopes to have the bills in the mail by July 23 or 24.

He said more typists would be employed at the job, but typewriters are not available. Spare machines were taken from other city hall offices, and the comptroller rented several from a local typewriter firm, but it ran out \$6 far — no tax-payers have volunteered to loan typewriters to the city.

Rich hopes he can start collecting taxes on July 27. If so, he will have the same number of tax collection days as last year, and the city will not be penalized of any of its 2½ collection fee.

Vandals Damage House

Peter Santapio, 4070 Vesel avenue, reported at 7 p.m. Tuesday that between 11 p.m. and midnight the previous night vandals broke a piece of concrete off of his house foundation and bent plastic tabs on four basement storm windows out of shape.

GOP to Elect Delegates For Judge Nominations

Madison county Republican precinct committeemen will caucus at 8 p.m. Monday in Courtroom 1 of the county court house at Edwardsville to elect delegates. The delegates will then convene at Mount Vernon July 28 to nominate appellate judge candidates.

The 80 delegates are to be instructed on the committee's preferences among the prospective candidates. Candidates mentioned so far include Francis Manning, a Wood River attorney, James B. Wham of Centerville also is favored by some committeemen, and another possible candidate is William Stiehl, Belleville, who unsuccessfully sought the GOP state attorney general nomination this spring.

Among the delegates named will be seven from Granite City, five from Nameoki township and four from Venice township.

Charged With Battery

William Atwood, 38, of 1601 Mitchell avenue, was arrested on a charge of battery at 1:30 a.m. Wednesday on a complaint signed by Carol Atwood, his wife. He was charged with battery on a woman and was released on \$250 property bond pending a hearing set for July 23.

Wheel Tax Drive Planned in Venice

Arrest of Venice motorists driving autos not bearing 1964 wheel tax stickers will begin Monday in a campaign planned by the police department. Police Chief Frank Devitt announced today.

Sale of wheel tax licenses began May 1. Carl E. Byrnes, comptroller, said 888 stickers have been purchased thus far. Total sale of the licenses varies from around 1000 to 1100. Byrnes said, Devitt said that all persons found driving cars without displaying the stickers on the windshield will be required to post \$25 cash bail pending disposition of their case. Violators are subject to a fine for violation of a city ordinance and are required also to buy the license sticker.

Categories considered by national staff inspectors, who spend a day at every such camp in the U.S., include program, maintenance, cooking, cleanliness, safety, staff qualifications, ratio of adults to youngsters and certification of camp supervisors.

Auto Skids, Damaged

An auto driven by Walter Nash Jr., 26, St. Louis, was damaged at 1:10 a.m. today when it skidded on rain-slick pavement of the east approach of the McKinley bridge in Venice and struck a traffic divider. The car was damaged at the rear.

The least populated continent is Australia, with just under three persons per square mile.

'A' Rating for Boy Scout Camp

A "National A Pennant Award" for summer camp excellence has been won by the Cahokia Mound Boy Scout Council program at Camp Sunnen, Potosi, Mo., for the second year since nationwide judging was started in 1962. It was an unannounced today.

Of 160 requirements, 69 are mandatory and 31 optional but all camps must score at least 94 to earn an "A." The local council won the award in 1962 and 1964, scoring a perfect 100 this year.

Categories considered by national staff inspectors, who spend a day at every such camp in the U.S., include program, maintenance, cooking, cleanliness, safety, staff qualifications, ratio of adults to youngsters and certification of camp supervisors.

Fire Destroys Shed, Damages Power Lines

A shed at the rear of the home of Louis Radman, 1155 E. 11th street, Venice, was destroyed by fire of undetermined origin Wednesday evening. The McKinley fire department was called at 6:50 p.m.

No estimate was placed on the loss. Power and telephone wires were damaged by the blaze which also slightly damaged another shed on an adjoining lot.

Mayor, Like Others, Has House Troubles

Madison Mayor Stephen Maerz is not unlike any other new home builder. He's having the same troubles, particularly with sanitary sewers.

At his new house in the 3900 block of Alton avenue, the automatic turnoff valve in the basement failed to work, and sewage backed into the basement.

While he was out of town, the valve failed to work again when it was turned on, and sewage and eight inches of sludge ruined the floor tiling and wall paneling.

His contractor, who had to replace the sewer to the main line in the alley, currently is hiring laborers to replace the tile and paneling, all at the contractor's cost, which the mayor estimated at \$1000. He now has two sewer outlets in the basement, both with screw-type plugs.

It was determined that the main sewer line was not as deep as previously believed and partly caused the difficulties.

But it had nothing to do with the rug man who was placing wall-to-wall carpeting in two different rooms. The rug, of different colors, were set in the wrong rooms.

The mayor said that at one point he was ready to sell his \$22,000 house for \$10,000, and hopes that the odors will evaporate out of the basement soon.

Rainfall 3 Inches Short for Month

July, nearly a third over, has three inches to go before rainfall will be normal for the month.

The U.S. Weather Bureau says normal precipitation in July is 3.30 inches, and the rain gauge, maintained by the U.S. Army Corps of Engineers at the Chain of Rocks canal locks shows total rainfall of .32 inches so far.

The .32-inch includes .06-inch recorded this morning.

Southern Illinois University library has acquired recordings of player piano rolls made a half century ago by such distinguished composers as Edward Grieg, Claude Debussy, Richard Strauss and others.

Administrators To Meet On School Safety Code

Problems in implementing the new Illinois school building safety code will be discussed by school administrators from throughout Madison county during a dinner meeting at 6 p.m. next Wednesday at Sunset Hill Holiday Inn. Cost of preparing survey reports on building improvements also will be considered.

State Supt. Ray Pace will be represented by Roy Richardson and Elmer Dalton, and speakers will include Granite City School Supt. Russell D. Johnson and Alton Supt. J. B. Johnson. The meeting was called by County Supt. Wilbur Trumpe.

Never refuse a good offer—it may be your golden opportunity.

Club Planning Fund Projects

The DeMolay Mothers' club met Tuesday evening at the Masonic Temple for a monthly meeting with Mrs. Demova Benson, president, in charge.

After the flag pledge a prayer was offered by Mrs. Marie Naeve. Reports were presented by Mrs. Martha Ebrecht.

A lengthy discussion was held on several fund-raising projects the group plans to sponsor in the near future. Final decision on definite dates will be made later. The meeting was adjourned with the Mother's Creed, followed by a social period.

Present were Mesdames Evelyn Ringering, Betty McClintock, Thelma Morris, Martha Rochester, Elsie Henley and Doris Mathers.

Following the meeting the mothers served refreshments to about 45 DeMolays and three adult advisors.

Auxiliary Plans Supper for Team
Plans for a supper for the American Legion ball team following the game Saturday were made last night at a meeting of the Auxiliary of Unit 113.

Mrs. Evelyn McColegan presided. Mrs. Doris Walsh, Mrs. Mary Meyer, sponsored by the group, reported on her stay at Mary Candler, and the hostesses, Mrs. Marianne Roney, her election as mayor of her

city for the "Federalist" party. Plans were made for a joint installation with the Legion July 25 and the birthday of Brenda Morris was observed. Prizes in the games were won by Mrs. Abbie Fox, Mrs. Ella McKittick, Mrs. Helen Qualls, Mrs. Alma Klaus, Mrs. Kitty Morris and Mrs. Cecilia Malott. The special award also went to Mrs. Malott.

Mrs. McKittick and Mrs. McKittick were hostesses for the evening and 20 were present, including three guests, Mrs. Meyer, Alice Jackson and Dianne Klaus.

SUNBEAMS BEGIN STUDY ON ASIAN COUNTRIES
Virginia Wingo, six-year-old Sunbeams of Second Baptist Church met Tuesday afternoon at the church to begin a three-month study course on Asia. The first session dealt with Hong Kong, with the children making pictures with rice.

The group viewed a display of pictures from the area, showing people, their homes and customs. Special prayer cards were presented to each child, bearing the names of Dr. and Mrs. Davis, medical missionaries sponsored by the Southern Baptist Church, who with their three children reside in Hong Kong. A story of the missionaries was told by Betty Lewis, Sunday leader.

A flower basket was fashioned by the children to be presented to an elderly church member, Mrs. Lewis, remained the Youngsters of a "Christmas in August" project the group will undertake next month, when unwrapped gifts brought by the children will be sent to a Goodwill Center for the handicapped.

Those present at the meeting were Debbie Davis, Debbie Freeman, Kevin Crown, Debbie Car-michael, Ricky Abner, Marie Smider and a guest, Gary Wiegner.

SUNBEAMS PLAN SPECIAL PROJECT FOR AUGUST
Mrs. Beverly Crown and Mrs. Bonnie Fennell were in charge of a meeting of Evelyn Owen seven-year-old Sunbeams of Second Baptist Church held Tuesday afternoon at the church. The group began a study course on Hong Kong, with Mrs. Crown describing the work of Southern Baptist medical missionaries in that region.

The children made pictures of sampans with glue and rice and covered construction paper, and Mrs. Crown discussed their participation in a "Christmas in August" project to begin soon. Those present were Evelyn Olive, Gail Lewis, Ruben Wyatt and Daniel McCuskey.

SHOWER HONORS MISS PHYLLIS POLLEY
Among the many joyful shows honoring Miss Phyllis Polley, who is to become the bride of Roger Withers of Granite City, was Mrs. personal and linen shower given Tuesday evening by Mrs. Corine Clayton, Mrs. Gloria Lambing and Miss Carolyn Tindal in the basement of Second Baptist Church.

An affair were Mrs. Norma Richter, Mrs. Frances Polley, Julie Davis, Mrs. Kay Withers,

Youth Gets Suspended Term on State Farm

Ralph Dunham, 17, of 4178 Breckenridge lane, pleaded guilty to a charge of reckless homicide and received a six-month suspended sentence on the state prison farm at Vandalia Wednesday from Magistrate William T. Hahn at Edwardsville. He also was fined \$25 and costs.

Dunham and an 18-year-old local youth were arrested last Thursday night by sheriff's deputies at Pontoon road and Breckenridge lane after a motorcycle crashed that they had thrown a beer can at him and had fired several shots at him.

Deputies, who found a 22-caliber pistol under the seat of the car and five empty cartridges, determined through questioning that they were acquainted with the motorcyclist who had thrown firecrackers at the car, and that after passing the cycle, Dunham threw the can and fired the shot at the ground. No charges were filed against his companion, driver of the car, nor against the cyclist.

50 YEARS AGO
News From The Files Of The
GRANITE CITY PRESS-RECORD

Electrical control was passed through the transformer at Mitchell, the largest in this area of the country, for the first time Saturday afternoon. It was erected on the shores of Long Lake for the purpose of converting power from the Kookul power plant into the power for the Alton, Granite and St. Louis Traction Co.

The East St. Louis and Granite City Elks reached Denver at 5 p.m. Sunday. They were met at the station by a large number of Elks. On Sunday night, they were given a banquet at the Elks Club in Denver.

The city is ablaze with purple and white lights and it is brilliant. The streets are illuminated all over cost \$80,000. Nothing to equal it has ever before been seen in Denver.

More than a dozen trains are still enroute, with a third or more of the delegates still to arrive.

The citizens of Anna, Ill., have decided to build a lot of brick streets this summer, following the example of many other Southern Illinois towns. The contract for building the streets at Anna was awarded to the Granite City Lime and Cement Co. for \$64,000.

This company at present is improving the streets in North Carmi and is doing some splen-

did work. They built our brick streets in Granite City and there are none better in the state.

The first annual picnic and outing of the Knights of Columbus Club at Center Grove Park last Sunday was attended by a crowd estimated at 600 people who came from all parts of Madison county, and a large number from St. Louis. The day was void of accident, good order was maintained on the grounds, and the various events were carried out on schedule.

The baseball game between the Tri-Cities club and the club from Edwardsville was won by the Tri-Cities club, six to three. Ed Brennan of Granite City was pitcher of the Tri-Cities club, and Clarence Henry won the race for boys under ten-years-old.

Mr. and Mrs. Henry Posselt have gone to Long Island, N.Y., where they expect to spend two weeks. They left Friday night, and will enjoy a vacation at the famous summer resort.

The Brotherhood of Railroad Trainmen held a special meeting in Madison last evening for the purpose of organizing a Ladies Auxiliary. The next meeting has been postponed until September.

Rebekah Lodge No. 477 will hold its regular meeting at the IOOF hall Friday evening.

The following items were taken from the files of the Granite City Press-Record

MONDAY, JULY 10, 1880
Granite City Lodge No. 1063, Benevolent Protective Order of Elks, has invited and is inviting all this week the Grand Lodge of Elks to hold its 1960 convention in Granite City. Audacious? Yes, maybe, but colorful anyhow!

The organization includes nearly 400,000 members and it is expected that the number of visitors attracted to the convention in St. Louis this week will be from 10,000 to 20,000. The idea of Granite City is to have housing, feeding, and amusements of a gathering of that size is, of course, rather striking.

There is no Chamber of Commerce here to extend invitations to conventions, and the Commercial Club and other civic clubs were too busy to do so. Consider the venture seriously. If you hear the hand pipes of the Elks marching in Granite City at noon or afternoon, you might think of the convention is being held in Granite City this year, but it is only part of it.

The Granite City lodge will have an outstanding part in the big parade of the convention, which is set for Wednesday evening.

Robert H. Lamer was re-elected president of the Granite City public library board at the annual election meeting held Friday night. He is beginning his seventh consecutive term as president and his fourteenth year as a member of the board. Other officers elected were Dawson Pugh, vice-president, and Mrs. Olive B. Stallings, secretary.

A total circulation of 8912 volumes for the month of June, a drop of 480 below June of 1958, was reported by Mrs. Stallings, chairman. The monthly circulation was 443 and the smallest 213.

Workers in the St. Elizabeth Hospital campaign to raise \$6000 reported contributions of \$3200 at a meeting held Thursday night at the hospital. While still far from the goal, officials of the campaign are encouraged by the ready response and they feel now that the quota will be reached.

Solicitations will be continued and next month the campaign will be climaxed with a month three-day drive on the hospital grounds.

The annual appropriation ordinance passed by the Venice city council Friday night, provided for a total of \$41,300 for all city expenses during the current fiscal year beginning May 1 and ending April 30, 1960.

Relief in GC Twp. Continues Decline
Relief cases in Granite City township continued to drop during June, it was reported this week from the office of Supervisor Nelson Haggner.

The staff closed 37 cases, while 14 were reopened and seven new ones added for totals of 73 cases with 217 persons and costs of \$4400. The May totals were 58 cases with 244 persons and \$7811 costs. In June 1958 there were 87 cases and 238 persons and costs of \$3836.

Since the start of the new fiscal year in March, relief costs have been \$4400, the same as in March, relief costs

Top Ballot Position Will Aid Harris in At-Large Election

Selection of Lloyd "Curly" Harris of Granite City to head the statewide Democratic ballot for the House of Representatives is a fitting tribute to his 28 years of service in the Illinois General Assembly.

The honor has tangible as well as intangible value. Anything can happen in such an unusual election as the at-large balloting scheduled for Nov. 3, but the No. 1 position on the ticket probably assures his reelection.

The top ballot listing traditionally is worth many extra votes and could well be decisive this fall, since each party is assured of winning at least a third of the House seats.

Rapid Transit, Research, Production Pacing Expansion Of General Steel

In view of the big role that rapid transit is expected to play as metropolitan areas grow into megalopolises, it is interesting to note that a division of General Steel Industries is the principal pace-setter in this field. After providing many new railroad cars for New York, the GSI-owned St. Louis Car Co. has been chosen to design transit vehicles for San Francisco.

The Commonwealth division of General Steel also is making news, starting work on a \$300,000 research laboratory here as it continues to consolidate Granite City and Eddyville, Pa., foundry operations. The local work force of 3000 is 50% greater than that of a year ago.

Along with other Quad-City industries, General Steel is broadening its opportunities and its share of production and marketing as the long-awaited "soaring sixties" take wing.

Wide Extension Of Border Area Sales Tax Agreement

Latest sales tax and use tax collection agreement by Illinois—with Indiana and Kentucky—is a logical extension of the compact signed with Iowa and Missouri two years ago.

Net effect: that purchases made in the various states will be taxed regardless of where the buyer resides. Depending upon whether the item is taken by the customer or delivered, the purchaser will pay either the use tax of the state in which the store is located or the use tax of his home state.

The cooperative agreement reached with Iowa and Missouri has increased Illinois tax revenue by an estimated \$10 million a year, and the new pact is expected to bolster state income to the tune of additional millions of dollars. Even more important, it will eliminate an illogical and unfair burden on border area merchants.

Of all the things you wear, your expression is the most important.

Plans Detailed for Post Office Dedication Changes Slight In New McKinley Bridge Budget

Detailed arrangements for formal dedication of Granite City's new post office building at 24th and Madison and Madison avenue will include a behind-the-scenes series of events. The new building, a flag raising ceremony and musical performances will be announced today by the Tri-Cities Chamber of Commerce committee which has charge of the program and Postmaster W. T. Overbeck.

The dedication ceremony will be held in the Granite City high school auditorium. A number of invitations to attend the affair were to be sent out by Postmaster Overbeck. During the open house that will follow the ceremony, the public will be taken on tours through the building and refreshments of coffee and cookies will be served.

The program will open at 3 p.m. with a concert by the Granite City high school band under direction of Louis Meek, followed by opening remarks by Overbeck. The colors will be posted by a color guard and flag.

Overbeck, attending were E. E. Voigt, general chairman; Overbeck, chairman; and Carl Mathias of the Chamber of Commerce; George Eubanks, representative of the Army; and Mrs. Boyd Price, Mrs. Michael Papp, Mrs. William Vaughn and Mrs. Ted Marshall, all members of the Clerks and Carriers auxiliary.

Voigt said that in the event of inclement weather, dedication ceremonies will be held in the Granite City high school auditorium. A number of invitations to attend the affair were to be sent out by Postmaster Overbeck. Area's Birthrate Decline Continues During June

A declining birthrate, which started in 1959, continued during the first half of this year, according to the six-month vital statistics report compiled for Quad-Cities at the office of Clerk A. L. Stevens of Granite City. The June statistics were 73 births and 39 deaths.

The decline is expected to halt this month since over 25 births have been recorded in the first week of July.

The Quad-City total for the first six months this year shows 385 births and 201 deaths, the same period in 1963, 375 in 1962 and 368 in 1961. The decline is expected to halt this month since over 25 births have been recorded in the first week of July.

Public Displays Far Superior To 'Do It Yourself' Fireworks

The Fourth of July holiday dramatically demonstrated why curbs on fireworks make sense. No injuries to Quad-City residents were reported, although a representative of a fireworks manufacturer suffered painful burns while setting off a public display for a gathering of more than 12,000 persons at Wilson Park.

Fireworks obviously are an attraction to youngsters, who are eager to handle and light them. But there are so many other toys and games to occupy children that a firm stand by parents is unlikely to cause any lasting frustration, particularly since all have an opportunity to view outstanding aerial fireworks and group displays such as those held in Granite City and Madison.

Firecracker complaints received by Quad-City police indicate that the ban on individual fireworks is not wholly effective. The fact that there were no injuries this year was due to the comparatively light usage, and to good luck.

We wonder if anyone at all would buy fireworks if there was some way they could vividly recall the deaths and maiming once so prevalent in the United States each summer. The scars and missing fingers may have faded from memory with the passage of time, but they are always waiting in the wings to reappear whenever "do it yourself" fireworks are tolerated.

Dogs Can Increase Effectiveness Of Granite City Police Department

Cooperative action by the Granite City council and Rotary club will enable police to add trained dog-and-officer teams, increasing the effectiveness and safety of patrols and investigations. A similar team already is on duty in Madison, due to joint action by city officials, Rotarians and Lions.

Use of police dogs has met with criticism in some communities in recent months. But it is important to remember that "canine corps" members strictly follow the instructions of their masters. Any viciousness is reflexively to protect the lives of officers or the lives and property of innocent persons.

Assuming that laws must be enforced—a concept vital to the whole structure of our society—there is no reason to handicap police in carrying out their duties. Less deadly than bullets because they remain subject to commands, police dogs can be regarded as humane in that they can disperse crowds and perform other assignments without inflicting injury. A dog on an extended leash, circling about his handler, can clear a street in seconds, preventing mob rule from prevailing.

Use of dogs also is humane from another standpoint. Because of their abilities and the fact that they are expendable, they can greatly reduce risks encountered by police officers in searching a dark alley or building or in pursuing a fleeing criminal.

Earlier Induction Tests Will Reduce Uncertainty

Revised Selective Service procedures in Madison county and the U. S. should help eliminate some of the uncertainty facing young adults. Instead of waiting until shortly before being inducted at the age of 21, 22 or older, they will now learn at 18 whether they meet Army mental and physical standards.

As has been pointed out by John Hammack, Illinois Selective Service director, the examination rule will enable young men to plan their education and employment more intelligently. And the tests can pinpoint mental, vocational or educational deficiencies at an ideal time for them to be remedied.

Earlier testing will not alter the current practice of calling older rather than younger registrants for induction, nor will it affect the exemptions applying to students and married men.

8 Local City Scouts Attend Marquette Camp

Eight Granite City girls are among the 106 Girl Scouts attending the second of three sessions in an annual camp at Camp Outposts in Pere Marquette, Mich.

Sponsored by the River Bluffs Girl Scout Council, the current session, the second of three, began Sunday.

Local girls attending are Barbara Azari, Leslie Burton, Nancy Edwards, Patricia Hummel, Mary McCord, Becky Moore, Nicole Reddy and Patricia Walcott.

Freedom's Meaning

In a nation where the people possess and enjoy the basic human rights of democratic freedom, the people and their public servants must know of the meaning and value of freedom and be determined to maintain it even at the risk of their lives.

Dr. SIMS says...
SAFEGUARD YOUR HEALTH
A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

SUNSTROKE MORE DEADLY THAN HEAT EXHAUSTION
Your ability to distinguish sunstroke from heat exhaustion may mean the difference between life and death.

Both summer hazards result when the body absorbs more heat than it is able to get rid of by while heat, exhaustion is seldom fatal, sunstroke can kill.

Sunstroke—caused by too long exposure to hot sun—not only requires immediate first-aid measures to cool the victim, but also calls for emergency medical treatment.

Overexposure In Heat
Heat exhaustion—which can result from overexposure in oppressive heat even on a cloudy day—is usually rapidly overcome by resting in a cool place, sipping water and replacing the victim's water and salt loss.

Know What To Do Before Doctor Arrives
A sunstroke victim will probably be unconscious. His breathing will be labored. His skin will be flushed, dry and very hot, and he'll have a high temperature.

If the patient's temperature is extremely high, cool him by giving him a long period of time to cool down. If he may suffer damage to his brain, liver or kidneys.

Cool Water Or Sheets
It is vital that a physician be called immediately, but in the meantime it is important to reduce the victim's body temperature as fast as possible. Put the

patient in a tub of cold water or wrap him in cold wet sheets. When the body temperature has been lowered to around 100 degrees, put the patient to bed and keep him wrapped in the wet sheets. If he is able to swallow, give him a salt tablet and a lot of cold water. However, do not give him an alcoholic beverage.

Though less serious than sunstroke, heat exhaustion is an agonizingly distressing condition. Prolonged heat and humidity can lead to dehydration with overexposure—cause the victim to perspire profusely.

The temperature of a heat exhaustion victim probably won't get above 105 degrees and his skin will be cold and clammy. There may be vomiting, his breathing will be shallow and he may feel dizzy or lightheaded.

First-Aid Procedures
Remove the heat exhaustion victim to a cool and comfortable place, loosen his clothes and apply cool, moist cloths to his forehead. If the patient is able to swallow, give him a salt tablet and hot tea or coffee... that's right, HOT!

Although most heat exhaustion victims respond rapidly to such help, call a physician if the patient is slow in responding, or if he has a heart condition.

To guard against heat exhaustion or hazards, don't overexpose yourself to the sun, don't wear heavy or tight clothing, don't overeat, and avoid alcohol. If you're out in the sun and don't overexpose yourself.

BLOOD PLANS VALUABLE TO THEIR MEMBERS
To the Editor:
There are many blood banks in our community to which people belong. They are very good and helpful when needed. But they are only as good as their members make them.

The blood bank of Local 30 at St. Mark's Church Bazaar July 17-19.

Plans have been completed for the three-day bazaar at St. Mark's Catholic Church in Venice July 17-19.

It will be held on the parish grounds at Sixth street and Broadway. Fish and stew will be served Friday, barbecue steak and fish on Saturday and from noon until eight o'clock Sunday a fried chicken dinner will be served in the church basement. There will be games for the adults and rides for the children.

Benny Mangi is general chairman. The budget's major total item for general and administration expenses shows only minor change from \$150,821 to \$150,821, only slightly revised in its comparison to the 1963-64 budget approved by the board.

Major items in this category, except for the \$75,000 payment of Missouri taxes for salaries, amounting to \$25,236, an item higher than last year. But this is due to rearrangement of salary costs in other divisions of the budget and it actually remains unchanged, the mayor said.

The 1964-65 general salary of the chief toll collector at \$54,240 and salaries for all toll collectors at \$100,000, a year's increase, are other items under operation expense include: fuel light audit, (over \$100,000), telephone, \$800; supplies and printing, \$800; clearing roadways, \$300; miscellaneous (extra hire), \$2100.

One of the few budget changes is the cost of maintenance of the city's fleet, \$145,420. The only item changed from last year's budget was for bridge and building cost, fixed this year at \$5000 and last year at \$4300.

The painting item of \$10,000 is unchanged from last year and

New Class, Open Jumpers, Added to Rotary's Horse Show

A new class, Open Jumpers, has been added to the lineup of events for the fifth annual horse show to be presented by the Granite City Rotary Club at 1 p.m. Sunday, Aug. 30, at the Tri-City Speedway.

The jumps will open the show with the starting height approximately three feet, six inches. Jumpers, who are frequently called hunting horses, are not necessarily of any particular breed although most carry at least half-thoroughbred blood. Many have been developed by crossing Thoroughbreds with American Saddle Horses, Standardbreds, Cleveland Bays and draft breeds.

The jumps are judged on ability to clear obstacles and, in some cases, time is an element. Conformation and jumping style are not considered.

The sport of jumping is an offshoot of the traditional British hunting-to-hounds in which horses must be consistent jumpers of obstacles encountered on a cross-country run. They must be able to maintain a hunting pace and safely negotiate barriers.

The manner of fencing and taking obstacles in stride is more important than an occasional flick or knockdown, provided the latter is not caused by faulty style. Ability to take extremely high jumps is not a requisite for a good hunter or cross-country mount.

Stories are many about unlikely horses who went on to fame and fortune as jumpers. One renowned jumper was a white Army mule, another a draft horse on his way to the glue factory.

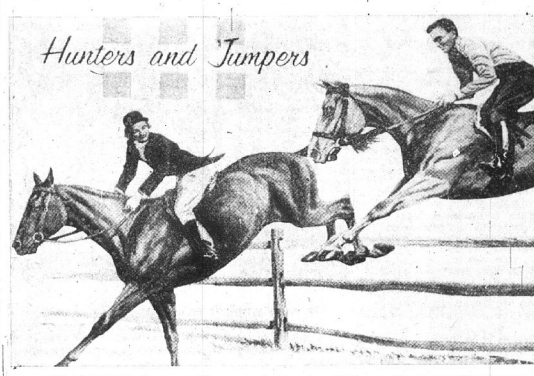

Open New Heating, Plumbing Firm Here

Amesco Plumbing & Heating Co., a new corporation that will handle general heating and plumbing work both commercial and residential, is opening this week at 2401 Delmar avenue.

The new firm is operated by Walt Ames, 3211 Edgewood drive, and Mrs. Mary Sedekum, Dunlap Lake, Edwardsville. Ames served his apprenticeship with the Galloway-Von Gruening Co. of Granite City and later worked as a plumber and plumbing superintendent under the jurisdiction of local 900. Mrs. Sedekum worked for the Galloway-Von Gruening firm for more than 20 years.

Dr. and Mrs. Branding Parents of Son

Dr. and Mrs. Earl Branding, 206 Montague avenue, Caro, Mich., are announcing the birth of their first child, a son, July 3. The baby, whose weight was eight pounds, four ounces, has been named David Graham. Dr. Branding, a former Granite Cityan, is a son of Mr. and Mrs. Louis Branding, 2251 Grand avenue.

FOR FIRST TIME, jumpers will compete in the annual Granite City Rotary Club's horse show. Five ribbons and a trophy will be awarded in the Open Jumpers competition which will open the Aug. 30 show.

Mrs. Lewis, Lee Head Historical Committees

Two Quad-City residents were appointed to chairmanships of two standing committees of the Madison County Historical Society by Louise E. Prehn, president, for the 1965-66 year.

They are Mrs. Austin Lewis, Madison, chairman of public relations and publicity, and Mrs. John Lee, Venice, chairman of extension and services.

On Mrs. Lewis' committee are Mrs. Louise Buxey, Mrs. Lee, Mrs. V. H. Mindrup, Irving Dillard, Robert Graff and Dick Norich. On Mrs. Lee's committee are Mrs. Edwin Lovewenstein, Mrs. Louise Ahrens, Mrs. Sheila Stinson, A. Elson Smith, and Wilbur E. Trampe.

Other committees and members, with the chairman named first, are:

Building and grounds, Willard Flagg, Mrs. H. H. Biken, Edward Kane and Robert Lange; budget and finance, Mrs. Mildred Timmermeyer, Miss Charlotte Stamper, Mrs. H. H. Biken, Burton, Bernard, James Monroe, Leslie Marks and Mrs. Stinson.

Acquisitions and exhibits, Mrs. Lovewenstein, Mrs. Timmermeyer, Mrs. Ahrens, Smith, Lange and Mrs. Biken; policies and procedures, Mrs. Mindrup, Dr. John Abbott, Dillard, Judge James O. Monroe, Jr., and Miss Charlotte Stamper.

Language planning, Dillard, Bernard, Flagg, Abbott, Elmer Hart and Jess Wilson; and committee on internal arrangement, Smith, Mrs. Stinson, Lange, Mrs. Biken, Mrs. Mindrup and Mrs. Ahrens. Prehn and Smith, the museum superintendent, will serve as ex-officio members of each committee.

Poe Serving Sentence, Charges Here Dropped

James Darrell Poe, 22, of 2432 Missouri avenue, has started serving a five-year sentence in the Missouri state penitentiary on armed robbery charges stemming from a Miller county, Mo., Madison county sheriff's office learned this week.

Poe was scheduled for trial this week in Madison county circuit court on burglary and theft charges in connection with the Feb. 8 safe burglary at the Johnson Music store. He was listed as a fugitive, and a pickup order was filed before his whereabouts were determined.

Those charges were nolle prossed this week by the state's attorney's office, with leave to restate at a later date.

While awaiting trial on the music store case, Poe also was arrested and indicted for the burglary at Smith's Bar-B-Q restaurant, 2726 Nameoki road, on May 11. A 15-year-old juvenile was arrested with him in the restaurant case.

The crimes here were committed while Poe was under sentence in Missouri but while he was at liberty on an appeal bond.

Illinois Power Gas Line Excavation is Extended

Permission was granted Illinois Power Co. to extend its replacement of an eight-inch gas main along 22nd street in accordance with a request submitted to the Granite City council Monday night. The work is to be carried out between July 13 and Sept. 25.

The extension will be from Grand avenue to Monroe street, south along Monroe to 21st street and east along 21st street to Sherman street. Earlier, permission had been granted for the installation from Adams street to Grand avenue.

**June Building Value
Increased \$122,350**

Construction work valued at \$1,323,290 was authorized in 104 building permits issued during June by Charles Espamer, Madison county building official. The monthly report showed that three more building permits were issued in June than in May and that total construction value increased \$122,350 over the previous month.

Residence construction accounted for 74 permits during June, representing a total building value of \$1,231,200. Garages and additions slated for construction accounted for building value of \$61,000 as compared with \$39,500 in May.

Five permits were issued for business and commercial construction worth \$31,000. Zoning use permits for June provided \$315 in fee receipts and zoning hearing fees amounted to \$275. Total fee receipts for the county building official department amounted to \$266.

**June Parking Meter
Fees in Sharp Rise**

Revenue from Granite City parking meters during June jumped sharply over the April and May income to bring the total for the first six months of the year to within \$18 of the total for the same period last year, according to a report issued today at the city controller's office.

The nickels and pennies fed into the city's downtown meters, added to the fees collected from those who failed to feed the devices, accounted for a grand total of \$3934 during the first six months compared to \$3229 in May and \$2082 in April.

The June collection, the report shows, was the best of the year to date. Second highest income month was March when better weather conditions began bringing more drivers downtown. March income was \$3842 for fees and fines. January and February, when winter blasts obviously kept more people at home, were the worst months, producing only \$2263 in fees and fines in January and \$2444 in February.

Total for the six months of this year amounts to \$19,294 or only \$18 less than the \$19,312 collected during the first six months of 1963, and only \$139 less than was collected during the first six months of 1962.

Collections from meters amounted to \$3644 in June, while fines jumped to \$250. The May meter collection was \$3030 and fines totaled \$199.

Meter collections for other months this year were—January, \$2276; February, \$2881; March, \$3535; and April \$2833. Fine collections over the same period were: January, \$87; February, \$183; March, \$283; April, \$248.

**Venice Fire Loss
\$2495 in 6 Months**

The Venice fire department during the first six months of this year answered fire alarms involving \$295,825 worth of property—other than railroad and industrial property—with a fire loss of only \$1796, according to a report made this week by fire department.

In addition, the report said, the department responded to fire calls involving \$60,200 in contents, also at locations other than railroad or industrial locations, and came out with a content loss of only \$750, for a total of \$2495 during the first six months of this year—or a per capita loss of only 47 cents per person.

The department said it answered 17 calls to household dwellings, 15 grass and rubbish fires, one industrial call, 3 bridge fires, 2 railroad fires, three sheds and garages, 13 autos and trucks, two heating systems, six out of town calls and five false alarms.

**Lee Adams Leaves
For Marine Training**

Lee Edward Adams, son of Mr. and Mrs. Robert E. Adams, 1802 Bremen street, has enlisted in the U.S. Marine corps for a four-year period.

Adams, a 1964 graduate of Granite City high school, left Granite City Thursday for Marine corps recruit depot at San Diego, Calif., for 12 weeks of boot training. After graduation from boot camp, Adams will report to Camp Pendleton, Calif., and upon completion of 16 weeks basic training there will return home on a 20-day leave before being assigned to a permanent base for further training.

Adams enlisted in the Marines from the Granite City recruiting office in the city hall under the 120-day delay program which permitted him to enlist in April, finish high school, and remain home for two months before reporting for duty.

**A lawyer can
answer your
questions**

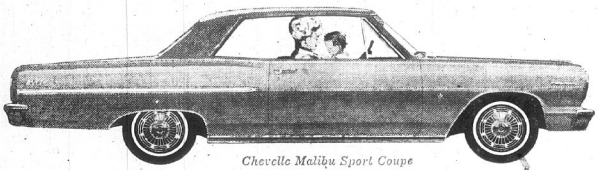

Is it all right to sign all those papers? Is the property you're buying exactly as described? Who pays the taxes for this year? Which is the best way to take title—in joint tenancy or solely in your name? (There may be a tax advantage, in your case, by not owning the home in joint tenancy with your wife.)

Your lawyer knows the answers. He will explain the purpose of each paper, make certain that your rights are protected, give you the best advice about the question of joint tenancy, in terms of your personal circumstances.

Your lawyer will explain to you, also, the importance of receiving a good title. The safest way to be sure is to ask the seller to provide a title insurance policy from Chicago Title and Trust Company.
